#### Soccernet.com Bio:

The Welsh Wizard could well see out his career at United, having made his debut as a 17-year-old for the club against Everton in March 1991. Having been snatched from under the eyes of Manchester City, he made his first league start in the Manchester derby at Old Trafford the same season and scored the only goal of the match. In 1991/92 he became first-choice left-winger at Old Trafford and has not looked back since, winning every domestic trophy as the club swept all before during the 1990's. One of the most talented players in world football, his main asset is his ability to use his skills at a top speed quicker than just about any defender in the game. Giggs is the EPL all-time leader in assists and midfielder goals.

- The January Football Transfer Window is going to open now allowing English Premier Club to add or sell players for the stretch run. Many top class players has been mentioned to becoming to the EPL especially with Chelsea's ability to purchase anybody.
